PROFESSIONAL EXPERIENCE

Senior Banking Alliance Executive | Primasoft Technology EST

Dubai, UAE

Oct 2025 – Present

- Manage strategic relationships with [X]+ banking partners, PSPs, TSPs, and merchants, supporting onboarding, activation, and ongoing operational coordination across banking alliances.
- Lead end-to-end merchant onboarding by reviewing KYC documentation, corporate records, and compliance requirements for [X]+ merchant accounts, improving process visibility and reducing turnaround time by approximately [X]%.
- Coordinate with banks, PSPs, TSPs, and internal stakeholders to validate information and support payment gateway integration and merchant go-live activities.
- Review merchant and partner documentation for completeness, accuracy, and regulatory alignment, reducing onboarding errors and compliance exceptions.
- Build Power BI dashboards and Advanced Excel/VBA-based MIS reports, automating [X] recurring reports and saving approximately [X] hours per week in manual reporting effort.
- Monitor FinTech and payment-industry developments and recurring operational issues to inform stakeholder communication and continuous process improvement.

Senior Assistant / Executive – Registry & RTA | Cameo Corporate Services Ltd

Chennai, India

Oct 2023 – Aug 2025

- Supported investment banking and capital markets operations covering IPO processing, Rights Issues, Buybacks, Listing Offers, and Corporate Actions within a Registrar and Transfer Agent (RTA) environment, processing [X]+ transactions monthly.
- Processed investor fund transactions and executed settlement and reconciliation activities, maintaining data accuracy and transaction control across high-volume processing.
- Developed [X] MIS reports and operational summaries to support performance monitoring, exception tracking, and management decision-making.
- Validated transaction records and resolved discrepancies by coordinating with internal teams, customers, banks, and financial institutions, ensuring compliant processing.

Executive – Operations | Computer Age Management Services Ltd (Repository)

Chennai, India

Apr 2022 – Sep 2023

- Performed KYC checks, customer record updates, bank-detail verification, and penny-drop validation across [X]+ repository operations monthly, supporting accurate and compliant processing.
- Prepared and maintained MIS reports, campaign reports, and operational dashboards for performance monitoring and management reporting.
- Led day-to-day coordination for a team of [X] members and conducted quality checks to maintain processing accuracy and adherence to service standards.
- Reviewed operational data and documentation, identified discrepancies, and coordinated corrections to reduce errors and strengthen reporting reliability.

BUSINESS INTELLIGENCE PROJECTS

- **E-Commerce Analytics Dashboard** (*Power BI, DAX, Power Query, Excel*) — Built an interactive star-schema dashboard tracking regional sales, profitability, customers, and order fulfilment, with KPIs including Total Sales, Profit Margin, and YoY Growth.
- **Manufacturing Operations Dashboard** (*Power BI, DAX, Excel*) — Developed a four-page executive dashboard covering production, quality, and inventory/cost analytics, with KPIs including OEE, Defect Rate, and Regional Performance.
- **Corporate Finance & Budget Intelligence Dashboard** (*Power BI, DAX, Excel*) — Built a finance intelligence solution linking Date, Department, Manager, and Region data, with KPIs including Total Revenue, ROI, and Budget Variance.

Additional Portfolio: Retail Sales, Hospital, and Supply Chain Analytics dashboards built using Power BI and DAX. Full portfolio available at github.com/nithishibops.
